

The **PELBB04 MEGA JAWS** is standalone high volume fed glass bottle crusher. The unit collects the crushed glass in a 140 litre wheeled bin which holds the equivalent of 680 bottles once crushed.

BENEFITS OF THE BB04 MEGA JAWS BOTTLE CRUSHER

- The PELBB04 is a volume fed unit whereby multiple waste glass bottles can be fed simultaneously, reducing workload for staff.
- This is a standalone waste glass bottle crusher with a compact footprint which is typically installed in a back of house location.
- The PELBB04 MEGA JAWS reduces your carbon footprint and creates space by reducing the volume of waste glass bottles awaiting collection.

WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BOTTLE CRUSHER PRODUCT RANGE

‘We have installed ‘Baby Jaws’ in our bars. No more wheeling bottle bins through crowded bars, bar staff are behind the bar all night. We are making money and saving money, no more segregating bottles.’

- Dave Morissey, Porterhouse Group.

‘We choose PEL innovative products because they stand out from the rest.’

- Ted Feeney, Hilton Hotel Group.
